Re: New LED Lighting at Champion Dodge and Champion Fiat.

I wanted to write to you to let you know how thrilled we are with our new LED Lighting. With our energy savings exceeding 60% and our lot going from dim to daylight, we could not be more satisfied.

You and your team did what you said you would do! We appreciate that and will use you for future location upgrades.

Sincerely,

A handwritten signature in black ink, appearing to read "Raymond Hernandez", written over the word "Sincerely,".

Raymond Hernandez
